CLAIREMONT HIGH SCHOOL

## Mock Interview Day!

We invite you to participate in our annual...

### Procedure:

During the Mock Interview Days, it is our goal to pair each of our eleventh grade students with a business partner who will give them a mock, but realistic, fifteen-minute job interview. This is an invaluable chance for our students to practice resume and interviewing skills.

To participate, we ask that you create an entry-level “job posting” that our students can “apply for.” Then, sign up for an interview slot on our online form to get “applicants.” You will assess each of the student interviewees with a feedback sheet. You even get to “hire” one of your applicants.
